Camden County BOE
100 University Ct
Blackwood NJ 08012

Dear Camden County BOE,

This letter serves as confirmation of the Postal Service's understanding that ballots delivered to election officials in New Jersey on July 8, 2020, with a postmarked date of July 8, 2020, were received by the Postal Service on or before July 7, 2020.

On the morning of July 8, 2020, the Postal Service's Eastern and Northeast Areas became aware of a number of ballots located at Postal Service delivery units for the July 7th New Jersey primary election that did not have postmarks. These ballots were postmarked at the delivery units with a July 8, 2020, date and were subsequently delivered to election officials on July 8.

Based on the Postal Service's operational processes, we believe ballots located at a delivery unit on the morning of July 8, and delivered later that same day, would have been received by the Postal Service on or before July 7, 2020.

Thank you,

A handwritten signature in black ink, appearing to read "John Glenn", written over a horizontal line.

John Glenn
Postmaster Blackwood

General Election – November 3, 2020

- There will be limited in-person polling places where voters can cast their vote by paper Provisional Ballots.
- Per the new law, you cannot vote in a machine at the polls (there will be an ADA accessible ballot marking devices available for voters that are unable to vote via paper ballot).

In-Person Voting

If a voter chooses to vote in-person at the polls:

- The polls will be open 6:00am to 8:00pm
- Voters will only be able to vote by paper **Provisional Ballot** at the Polls. **You will not be able to vote in a machine.**
- There will be a reduced number of Polling Places – at least one Polling Place per municipality and a minimum of 50% of its Polling Places. For polling places [CLICK HERE \(https://www.camdencounty.com/service/voting-and-elections/polling-places/\)](https://www.camdencounty.com/service/voting-and-elections/polling-places/)
- No Sample Ballots will be sent, but a card listing your polling place will be sent prior to the election to each registered voter.
- At each of the polling places, there will be an accessible voting machine to comply with the ADA. To access the machine, the voter will need to certify, under the penalty of fraudulent voting, that they are unable to vote a paper ballot.

Sample Ballots

- Sample Ballots are available [HERE \(https://www.camdencounty.com/service/voting-and-elections/sample-ballots/\)](https://www.camdencounty.com/service/voting-and-elections/sample-ballots/)

Results of the Election

- All votes (Vote by Mail, Provisional, and ADA machine) will be included in the final vote tally.
- The Vote by Mail ballots are counted first and will be included in the Election Night Results at the close of polls. Additional timely, valid Vote by Mail Ballots will be added to the results upon tallying.
- The ADA Machine tallies will be added to the results later on Election Day after the close of polls.
- Provisional ballots need to be verified to confirm that no Vote by Mail ballot was received, preventing the casting of multiple ballots, so they cannot be counted until all Vote by Mail ballots are received. For this election, this means that the In-Person votes will be tallied last.

Frequently Asked Questions

I normally vote at the polls. Why did I get a Vote by Mail Ballot?

Because of the COVID-19 pandemic and to limit exposure, the Governor ordered the General Election to be conducted primarily by mail. Per the order, all active registered voters are automatically being sent a Vote by Mail ballot.

Will my vote count if I Vote by Mail?

If received timely, all ballots will be counted and included in the final results. As in every election, the Vote by Mail ballots will be counted first during Election Day, and because the Provisional ballots require verification to prevent casting multiple ballots, they must be counted last.

If you have never applied to Vote by Mail, do I always have to vote by mail?

No, this is a one-time event. If you do want to continue to receive ballots, you will need to complete a Vote by Mail application. For more Information and to access the Vote by Mail application, please visit our website www.camdencounty.com/vbm (<https://www.camden-county.com/vbm>).

I have a disability that prevents me from voting by paper ballot. What ADA accommodations will be available?

You can contact the County Clerk's Office to arrange to receive an accessible ballot or at each of the polling places, there will be an accessible voting machine. To access the machine, the voter will need to certify, under the penalty of fraudulent voting, that they are unable to vote a paper ballot.

Will my party affiliation be identifiable on the ballot envelope?

No, there is nothing on the envelope that will identify your political party affiliation.

What is the difference between a Vote by Mail Ballots, Mail-In Ballots, and Absentee Ballots?

There is no difference. While some people claim that there is a slight difference in how ballots are requested, in New Jersey, there is not a difference in how the ballots are processed and counted.

If I put a stamp on the ballot return envelope, will it be sent first class instead of bulk mail and get there faster?

Putting a stamp on the prepaid envelope will not change anything. First, the prepaid envelopes are first class. Second, regardless of the stamp, the barcodes on the ballot envelope will still send it to the PO Box through the same postal stream paths.

Can I still vote at the polls?

For those that wish to vote at the polls, there will be a limited number of polling places. At the polling places, voters will be able to vote by paper Provisional Ballot (which looks identical to this enclosed ballot). The notice of the location of your polling place will be mailed to you separately prior to the election.
